Personal Care Homes are licensed by the Pennsylvania Department of Human Services to provide a variety of services including meals, laundry, cleaning, supervision and assistance with dressing, bathing, and diet control. They do not provide services which must be performed by registered nurses or other licensed medical staff. The facilities that appear on this list are all fully licensed by the Pennsylvania Department of Human Services. Some personal care homes may accept a Supplemental Security Income (SSI) benefit on behalf of lower income consumers. To apply for the SSI Supplement, an assessment must initially be conducted by the Lancaster County Office of Aging.

Assisted Living facilities are licensed by the Pennsylvania Department of Human Services. These residences are a long-term care alternative which allow individuals to age in place. Residents who live in assisted living residences will receive the assistance they need to develop and maintain maximum independence, exercise decision-making and personal choice. Facilities licensed as assisted living must meet different requirements than those licensed as personal care homes. The Pennsylvania Assisted Living regulations can be viewed on the below link:  
[https://www.dhs.pa.gov/providers/Clearances-and-Licensing/Documents/Assisted%20Living%20Licensing/055\\_2800.pdf](https://www.dhs.pa.gov/providers/Clearances-and-Licensing/Documents/Assisted%20Living%20Licensing/055_2800.pdf)

This list is not meant to be evaluative. Inclusion of a facility on this list does not imply endorsement of that facility by the Lancaster County Office of Aging. Although every effort has been made by Lancaster County Office of Aging to provide sufficient information on the different Personal Care and Assisted Living facilities in Lancaster County, this list is not intended to be an exhaustive or all-inclusive publication. The list will be reprinted periodically, and the information will be revised accordingly.
